

THE GUERNSEY INSTITUTE

Guernsey College of Further Education COURSES 2021/22

Do you want to take the next step in your career?

Jacki Hughes
Executive Principal, The Guernsey Institute

The Guernsey Institute is a forward-thinking education partnership that aims for far-reaching, progressive change and impact through learning and development. Bringing together Guernsey College of Further Education, the Institute for Health and Social Care Studies and GTA University Centre, we work with all our learners as individuals, helping you make the choice of career pathway, apprenticeship, course or development opportunity that's right for you and your ambitions.

Inside this document you will find a full prospectus of all the courses Guernsey College of Further Education has on offer. The College is the largest of our three organisations and makes up three of the five campuses on which we are currently located. In recent months though, we have had a team of architects working on plans for a single purpose-built campus which will have 21st century facilities that reflect the needs of employers both now and in the future.

The Guernsey Institute is allowing us to combine our expertise in delivering technical, vocational and professional learning and development, with our high level of industry engagement and connections to some of the best-known companies — not just in the Bailiwick and the UK, but in the world — to provide you with a complete experience where you feel supported and confident in your abilities and inspired by the opportunities available to you. Through doing so, we provide work-ready talent for business, and transform lives through promoting opportunity and encouraging ambition.

Our focus is to transform lives through learning and development. We aim to meet your individual learning and development needs and have a student support team to unlock your potential for learning.

Start preparing for an exciting future today!

Louise Misselke
Principal, Guernsey College of Further Education
Executive Director, The Guernsey Institute

This is an exciting period for us as Guernsey College of Further Education joins our partners GTA University Centre and the Institute of Health and Social Care Studies to become The Guernsey Institute. Whilst our name might be changing, our mantra is most definitely not – putting our students at the heart of everything we do. We know that you have dreams and aspirations and our job is simple - to give you the best possible chance of achieving these ambitions and it is our privilege to be part of your journey.

One of the things we often hear from our students is that we have created a friendly place to study, somewhere you are free to be yourself. You will be challenged to achieve your best, but you will also be given the best possible support to do that. There is a great sense of community here and we make a commitment to ensuring you receive brilliant teaching, delivered by staff who are passionate about their subject. Around 97% of our students tell us that they really enjoyed their course (according to our student survey). This publication offers a selection of full and part-time courses at a range of levels. We regularly engage with a variety of stakeholders and employer sector groups to ensure we meet the needs of our island community, to bring you a range of programmes from hobby courses to degrees and everything in between.

We have faced all manner of challenges over the past two years and now life is back to normal we are looking forward to being able to deliver the education, professional development and training that you seek.

Please get in touch if you have any questions or even ideas about courses, we would love to hear from you. We are learning every day, and we know that education has a very positive impact on people's lives; we are dedicated and committed to making this happen for you and I look forward to welcoming you into The Guernsey Institute very soon.

FULL TIME COURSES

Access

This course aims to develop your self-esteem and confidence, improve your social, life and independent living skills and maximise your potential through an individual programme relevant to your needs.

Fee £6,950

Information Technology

BTEC Level 4 HNC & BTEC Level 5 HND in Digital Technologies

These courses are designed to address an increasing need for high quality professional and technical education pathways at Levels 4 and 5, providing you with a clear line of sight to employment or progression to further higher education study. The courses will provide you with the core skills required for a range of careers in digital technologies and develop your understanding of the major impact that digital technologies have on the business environment.

Duration HNC 1 year; HND 1 year (on completion of HNC) **Time** 12-14 hours per week **Starts** TBC **Location** CTZ **Fee** TBC

Health & Social Care Studies

Training at The Institute for Health & Social Care Studies in Guernsey is a great way to kickstart a rewarding career in the health sector. Many of Guernsey's top nurses, who have made up the back bone of the island's pandemic response, were trained at the Institute, and the courses on offer would let you join them. The courses are ideal for both school leavers and those considering a change of career, with four main pathways on offer:

Health & Social Care Degree
Nursing Degrees
Masters Level Study
Post Graduate Qualifications

The three year, full time nursing degree comes with no tuition fees and a bursary of £19,000 per year which means you can earn as you learn.

The Institute is partnered with a UK University in order to offer a range of programmes. It presents the opportunity to work across a wide range of practice areas, which will give you a broad experience of nursing.

Duration 10 weeks **Time** Tues 7.00-9.00pm **Starts** 5 Oct 2021 **Location** CTZ **Fee** £250

#LifeLongLearning

ENGLISH & MATHS

English and maths are essential skills that all employers seek. Our team has a proud history of working with students returning to education in order to improve their skills and gain qualifications. Each year we work with more than 100 students in our evening classes as they look to gain qualifications that will enable them to access further and higher education, training and jobs, or to revisit incomplete education from school.

These programmes of study are FREE for everyone!

Our English and maths evening classes offer the opportunity to achieve either GCSE or Functional Skills Level 1 or 2 qualifications in an adult learning environment with experienced lecturers. We now also offer part-time entry level English and maths courses. We recognise that, for many, taking that first step through the door is the most challenging, and that historic relationships with English and maths may not have been positive but our student-centred and supportive sessions bring a fresh approach to learning - enabling students to develop skills and gain accreditation. If you are unsure about your current level of ability, please contact us and we can arrange an assessment and help plan a learning programme to suit your needs. We also have an experienced and skilled support team who can assess your learning needs, put appropriate support in place and make necessary adjustments so that you can access your course. If you are looking to develop your English and maths skills in order to gain promotion, access further or higher education qualifications, start a new career or support friends or family through their own education, then our English and maths courses are here to help you!
